

Network

Take advantage of three days of interaction with more than 800 great minds at Summit, all dedicated to advancing the care of individuals with spinal cord injury or disease. Summit features renowned specialists in spinal cord injury and disease medicine targeting MS, ALS and this year adding TBI as another unique signature injury of the recent conflicts overseas.

Presentations will highlight the latest developments in clinical practice, research, and emerging technologies, Paralyzed Veterans annual Summit offers unmatched opportunities to expand your knowledge and provide “take home” practices that will help you immediately integrate into care for your patients.

Build your own “lifeline” of resources to call upon to access your peers’ specific areas of expertise—and become a lifeline for others who share your commitment to optimize care for the most vulnerable patient population. Network and learn from the best while continuing your education.

The PVA Healthcare Summit + Expo: Learning, sharing, advancing science, and building relationships that improve overall patient care.
